DESIGNER PROJECTS

VAIBHAV PATEL & ASSOCIATES - STUDIO VPA

By "Vaibhav Patel & Associates" an architectural studio, interior and landscape design firm, established in the year 2010.

They are independently formed with specialized professionals & experience engaged for working with renowned architects and interior designers of the city.

The core philosophy with design in the firm is to keep the functional aspects and expertise in mind, while still the client's latest requirements, as well as the aesthetic value with their beautiful presentation.

The firm has always explored the core idea of governmental (residential) design to be built. Likewise, we tend to keep the project design functional as well as futuristic.

The firm goes in hand to provide variety of ideas and feasible options with extensive list of design ideas. We deliver the best up-to-date progress to constructive manner which helps us to get hold of clients to generate detailed proposal.

We provide our design considering the requirements or incorporating with advanced technology as well as eco-friendly materials, enhancing the innovative touch of home and furniture which achieves the look of the interior with modern and classic touch.

When we are working with wood and metal and big scale projects, we are happy to try various kinds of new materials, ideas and designs.

We believe - "The architecture is not only the creation but also the discovery."
